

Data Protection – Aviva Privacy Notice

Personal Information

We collect and use personal information about you so that we can provide you with a policy that suits your insurance needs. This notice explains the most important aspects of how we use your information but you can get more information about the terms we use and view our full privacy policy at www.aviva.co.uk/privacypolicy or request a copy by writing to us at Aviva, Freepost, Mailing Exclusion Team, Unit 5, Wanlip Road Ind Est, Syston, Leicester LE7 1PD.

The data controller responsible for this personal information is Aviva Insurance Limited as the insurer of the product. Additional controllers include [Europa] who are responsible for the sale and distribution of the product and any applicable reinsurers.

Personal information we collect and how we use it

We will use personal information collected from you and obtained from other sources:

- to provide you with insurance: we need this to decide if we can offer insurance to you and if so on what terms and also to administer your policy, handle any claims and manage any renewal.
- to support legitimate interests that we have as a business:
 - We need this to manage arrangements we have with reinsurers and for the detection and prevention of fraud.
 - We also use personal information about you to help us better understand our customers and improve our customer engagement. This includes profiling and customer analytics which allows us to make certain predictions and assumptions about your interests and make correlations about our customers to improve our products.
- to meet any applicable legal or regulatory obligations: we need this to meet compliance requirements with our regulators (e.g. Financial Conduct Authority), to comply with law enforcement and to manage legal claims, and
- to carry out other activities that are in the public interest: for example we may need to use personal information to carry out anti-money laundering checks.

As well as collecting personal information about you, we may also use personal information about other people, for example family members you wish to insure on a policy. If you are providing information about another person we expect you to ensure that they know you are doing so and are content with their information being provided to us. You might find it helpful to show them this privacy notice and if they have any concerns please contact us in one of the ways described below.

The personal information we collect and use will include name, address and date of birth, financial information and details of your vehicle(s). If a claim is made we will also collect personal information in connection with the claim from you and any relevant third parties. We may also need to ask for details relating to the health or any unspent offences or criminal convictions of you or somebody else covered under your policy. We recognise that information about health and offences or criminal convictions is particularly sensitive information. Where appropriate, we will ask for consent to collect and use this information.

If we need your consent to use personal information for a specific reason, we will make this clear to you when you complete an application or submit a claim. If you give us consent to use personal information, you are free to withdraw this at any time by contacting us – refer to the “Contacting us” details below. Please note that if consent to use information is withdrawn we will not be able to continue to process the information you gave us for this/these purpose(s). This would not affect our use of the information where consent is not required.

Of course, you don't have to provide us with any personal information, but if you don't provide the information we need we may not be able to proceed with your application or any claim you make.

Some of the information we use as part of this application may be provided to us by a third party. This may include information already held about you and your vehicle(s) within the Aviva group, including details from previous quotes and claims, information we obtain from publicly available records, our trusted third parties and from industry databases, including fraud prevention agencies and databases.

Databases we use for Underwriting and Fraud Prevention and Detection purposes

We may use your information to allow us to detect and prevent fraudulent applications and claims. For details relating to information held about you on the Claims Underwriting and Exchange Register and Motor Insurance Anti-Fraud and Theft Register please visit www.insurancedatabases.co.uk.

For details relating to information held about you by the Driver and Vehicle Licensing Agency (DVLA) please visit www.dvla.gov.uk

How your data is used and shared by Insurers and Databases in relation to motor insurance

The data you provide will be used by us and shared with other insurers as well as certain statutory and other authorised bodies for:

- Insurance underwriting purposes i.e. to examine the potential risk in relation to your (and/or a third party's) prospective policy so that we can:
 - Consider whether to accept the relevant risk,
 - Make decisions about the provision and administration of insurance and related services for you (and members of your household),
 - Validate your (or any person or property likely to be involved in the policy or claims) claims history (at any time including upon application for insurance, in the event of an accident or a claim, or at a time of renewal).
- Management Information purposes. To analyse insurance and other markets for the purposes of:
 - Portfolio assessment,
 - Risk assessment,
 - Performance reporting,
 - Management reporting.
- Anti-fraud purposes. To detect and prevent fraudulent claims and/or activities by:
 - Sharing information about you with other organisations and public bodies including the police,
 - Tracing debtors or beneficiaries, recovering debt, managing your accounts and/or insurance policies,
 - Undertaking fraud searches. Insurers pass information to fraud prevention agencies and databases including the Claims Underwriting and Exchange Register and where appropriate the Motor Insurance anti-Fraud and Theft Register by Insurance Database Services Limited (IDSL). This helps insurers check information and prevent fraudulent claims. When we deal with your request for insurance we may search these registers.
- Compliance with legal obligations and responsibilities.
 - Claims management – In the event of a claim we may need to disclose information with any other party involved in that claim such as third parties involved in the incident, their insurer, solicitor or representative and medical teams, the police or other investigators. We also may have to investigate your claims and conviction history.
 - Complaints management – If you make a complaint about the service we have provided, we may be obliged to forward details about your complaints, including your personal information, to the relevant ombudsman.
 - Information about your insurance policy will be added to the Motor Insurance Database (MID) managed by the Motor Insurers' Bureau (MIB). MID and the data stored on it may be used by certain statutory and/or authorised bodies including the police, the DVLA, the DVLNI, the Insurance Fraud Bureau and other bodies permitted by law. This information may be used for purposes permitted by law, which include but are not limited to:
 - Electronic Licensing
 - Continuous insurance enforcement

- Law enforcement (prevention, detection, apprehension and/or prosecution of offenders)
- The provision of government services and/or other services aimed at reducing the level and incidence of uninsured driving.

If you are involved in a road traffic accident (either in the UK, the European Economic Area or certain other territories), insurers and/or the MIB may search the MID to obtain relevant information.

Persons (including his or her appointed representative) pursuing a claim in respect of a road traffic accident (including citizens of other countries) may also obtain relevant information which is held on the MID. It is vital that the MID holds your current registration number. If it is incorrectly shown on the MID you are at risk of having your vehicle seized by the police.

You can check that your current registration number details are shown on the MID at www.askmid.com.

How your data will be processed

- Information which is supplied to fraud prevention agencies and databases such as IDSL and MID can include details such as your name, address and date of birth together with details of any injury arising from a claim.
- Your data may be supplied to databases in order to facilitate automatic no claim discount validation checks.
- Your data may be transferred to any country, including countries outside of the European Economic Area, for any of the purposes mentioned above.
- Under your policy you must tell us about any incident (such as an accident or theft) which may or may not give rise to a claim. When you tell us about an incident, we will pass information relating to it to the fraud prevention agencies and databases such as IDSL.

You can ask for more information about this. If you require such information, please contact Aviva Insurance Limited.

How we use your data - Driving Licence Number

Insurance underwriting purposes i.e. to examine the potential risk in relation to your (and/or a third party's) prospective policy so that we can:

- Provide your (or any person included on the proposal) Driving Licence Number (DLN) to the DVLA to confirm your (or the relevant person included on the proposal) licence status, entitlement and relevant restriction information and endorsement/conviction data. Searches may be carried out prior to the date of the insurance policy and at any point throughout the duration of your insurance policy including at the mid-term adjustment and renewal stage. A search of the DLN with the DVLA should not show a footprint against your (or another relevant person included on the proposal) driving licence.
- Searches may be carried out at point of quote and, if an insurance policy is incepted, at renewal stage.

Please note that if you give us false or inaccurate information it may invalidate your insurance policy/prospective insurance policy or it could affect the amount we pay to settle any claims you make under the policy.

Credit Searches

To ensure the Insurer has the necessary facts to assess your insurance risk, verify your identity, help prevent fraud and provide you with our best premium and payment options, the Insurer may need to obtain information relating to you at quotation, renewal and in certain circumstances where policy amendments are requested. The Insurer or their agents may:

- undertake checks against publicly available information (such as electoral roll, county court judgments, bankruptcy orders or repossessions). Similar checks may be made when assessing claims,

- carry out a quotation search from a credit reference agency (CRA) which will appear on your credit report and be visible to other credit providers. It will be clear that this is a quotation search rather than a credit application.

Automated decision making

We carry out automated decision making to decide whether we can provide insurance to you and on what terms and to carry out fraud checks. In particular, we use an automated underwriting engine to process the personal information you provide as part of the application process. This will include information such as address, postcode, age, marital status and employment details of you and any other drivers as well as details of your vehicle(s) and any relevant health or conviction data. The automated engine may validate the information you provide against other records we hold about you in our systems and third party databases including public databases. We may also supplement the information you provide with information from third parties who can provide more information about your vehicle (for example through DVLA databases). We do this to calculate the insurance risk and how much the cover will cost you. Without this information we are unable to provide a price that is relevant to your individual circumstances and needs. We regularly check the way our underwriting engine works to ensure we are being fair to our customers. After the automatic decision has been made, you have the right to speak to someone at Aviva who may review the decision and provide a more detailed explanation. If you wish to invoke this right, please contact us at dataprt@aviva.com.

How we share your personal information with others

We may share your personal information:

- within the Aviva group, with our agents and third parties who provide services to us, and other insurers (either directly or via those acting for the insurer such as loss adjusters or investigators) to help us administer our products and services,
- with regulatory bodies and law enforcement bodies, including the police, e.g. if we are required to do so to comply with a relevant legal or regulatory obligation,
- with other organisations including insurers, public bodies and the police (either directly or using shared databases) for fraud prevention and detection purposes,
- with reinsurers who provide reinsurance services to Aviva and for each other. Reinsurers will use your data to decide whether to provide reinsurance cover, assess and deal with reinsurance claims and to meet legal obligations. They will keep your data for the period necessary for these purposes and may need to disclose it to other companies within their group, their agents and third party service providers, law enforcement and regulatory bodies.

Some of the organisations we share information with may be located outside of the European Economic Area (“EEA”). We’ll always take steps to ensure that any transfer of information outside of the EEA is carefully managed to protect your privacy rights. For more information on this please see our Privacy Policy or contact us.

How long we keep your personal information for

We maintain a retention policy to ensure we only keep personal information for as long as we reasonably need it for the purposes explained in this notice. We need to keep information for the period necessary to administer your insurance and deal with claims and queries on your policy. We may also need to keep information after our relationship with you has ended, for example to ensure we have an accurate record in the event of any complaints or challenges, carry out relevant fraud checks, or where we are required to do so for legal, regulatory or tax purposes.

Your rights

You have various rights in relation to your personal information, including the right to request access to your personal information, correct any mistakes on our records, erase or restrict records where they are no longer required, object to the use of personal information based on legitimate business interests including profiling, ask not to be subject to automated decision making if the decision produces legal or other significant effects on you, and data portability. For more details in relation to your rights, including how to exercise them, please see our full privacy policy or contact us – refer to the “Contacting us” details below.

Contacting us

If you have any questions about how we use personal information, or if you want to exercise your rights stated above, please contact our Data Protection team by either emailing them at dataprt@aviva.com or writing to the Data Protection Officer, Level 4, Pitheavlis, Perth PH2 0NH.

If you have a complaint or concern about how we use your personal information, please contact us in the first instance and we will attempt to resolve the issue as soon as possible. You also have the right to lodge a complaint with the Information Commissioners Office at any time.
